

AN OPEN LETTER TO O.W.R.C.

Haliburton, Ont., Wednesday, May 23, 1962.

Gentlemen:

For over a year and a half now reports have been reaching our ears of live sewage being dumped into a sewer built by the Department of Highways to take care of the excess water which in the springtime and after a rain, laid on Maple Street in the vicinity of the post office.

Last August we happened to be called on the phone by interested citizens asking us to go up, see and smell the sewage that was flowing into this sewer. Shortly after that a complaint was sent to your department and some time later one of your officials came to Haliburton and confirmed the contention that the river water at the mouth of this drain was contaminated.

We have just come from Maple St. and for the last two hours the stench from the manhole located at the post office would turn one's stomach.

This letter is being written asking that positive action be taken in this matter before the hundreds of children in this area start bathing in the waters of Head Lake into which this river empties with all the filth received from this storm sewer.

We felt at the time the tests were taken last year, your department would demand that this situation be cleaned up and in the interest of not only our boys and girls, but of the general public, we would like to know what steps you have taken to remedy this deplorable condition.

Yours truly,
Berkeley Feir, editor,
Haliburton County Echo.

NDP Hold Haliburton Meeting

Provincial leader Donald C. MacDonald of the New Democratic Party addressed a meeting at the Haliburton Legion hall last Friday evening.

The local N.D.P. candidate, Allan McPhail, of Cannington, also spoke briefly.

Mr. McPhail, 39, is married with three children. He is a native of Toronto. He left school and began work at 16, joined the

army at the outbreak of World War II and served overseas with the Royal Regiment of Canada and the Royal Canadian Artillery.

On his return to Canada Mr. McPhail took advantage of DVA facilities to continue his education and graduated from university as a teacher.

Following his recent nomination, in his acceptance speech Mr. McPhail said the Socreds, Lib-

erals and Conservative parties are all on the right of the political spectrum. "The only alternative to this lies in the left wing New Democratic Party.

Noting Prime Minister John Diefenbaker's "sudden realization that government intervention into economics is essential," the candidate said the New Democratic Party realizes Canada needs a planned economy.

Auto, Boat Drivers Die

Drivers of a car and a boat died from heart attacks Monday in the western Kawartha Lakes region.

William James Greig MacDiarmid of 113 York Mills Rd., Willowdale, suffered an attack while driving south on Highway 35, a mile south of Moores Falls bridge 14 miles south of Minden, at 3.20 p.m.

The car went out of control and rammed into a ditch. Mrs. MacDiarmid and two other passengers were unhurt. No inquest will be held.

At 8 p.m., Frank Cranfield of 90 Pricefield Rd., Toronto, died while operating a boat on Canal Lake near Bolsover. The boat veered to shore and struck a tree. —Peterboro Examiner.

Drivers Fined By Magistrate In Minden Court

George Moulton of Cannington was fined \$100 and \$3 costs in magistrate's court here today for driving while his licence was under suspension. The charge arose from an incident April 28 on Highway 519.

At the same court, William Harris of R.R. 1, Minden, was fined \$25 and costs for careless driving, following a one-car accident May 1 near Minden.

Walter Denniston of R.R. 1, Minden, was fined \$100 and \$3 costs for impaired driving. His car was involved in a collision on Minden's main street May 5 with another driven by Donald McPhail of Haliburton. Denniston pleaded guilty. —Peterboro Examiner.

Minden Notes

Brandon's Bakery opened last Thursday for the summer season. A new automatic revolving tray gas oven has been installed.

Minden U.C.W.

The "Naomi" group of U.C.W. held their meeting at the home of Mrs. Ernest Windover on May 15 with six members present.

The meeting opened by repeating Psalm 703 in unison.

Mrs. Percy Brintnell opened the devotional period with a prayer for the church, the community. She then read a meditation from the study book, which emphasized that the church should be more active.

A chapter entitled "Christian Homes" from the book "Look Up and Lift Up" by Rev. Wm. March, former minister of Queen St. United Church, Lindsay, was much enjoyed. Hymn 380 was read in unison and the benediction closed the devotional.

After a short business period, Mrs. Ernest Snell read a poem entitled "Mothering."

Mrs. Archie Stouffer, group leader, led a discussion on part two in the study book "Unfolding Drama of the Bible," on the book of Exodus.

A social time was spent when the hostess served a delicious lunch.

70th Anniversary

Mr. Ernest Snell of this village was treated to a family party last Sunday on the occasion of his 70th birthday and retirement.

Over 30 persons sat down to enjoy the lovely turkey dinner served at the home of Mr. and Mrs. Goldie Walker. Among those who were able to attend were Mrs. Sarah Brown and W. J. Smith.

It was quite a gathering and took a good deal of planning to have so many members of the family present for this celebration.

Election Held At High School

The election for members to sit on the students' council was held at the Haliburton County District High School on Friday last. On this date students went to the polls to vote for their favorite candidates.

Prior to voting day the students had witnessed two weeks of vigorous campaigning by those running for office.

The various campaign managers were also busy handing out election buttons and posting signs throughout the school.

Before the election all the students gathered in the high school auditorium to hear the different aspirants give their speeches.

The winning candidates are as follows: junior representative, Jim Best; board of directors, Christopher Carroll, Christine Carnochan, Penny Ray, Judy Carroll, Peggy Walling, Linda Suter, Louise Dollo, Brian Good.

Ball Team Have New Uniforms

The Haliburton softball club look very smart in their new uniforms. They received them last season and were only able to use them for the last four games.

The club raised some money themselves and the Haliburton merchants put up the rest. Each uniform has the name of a local business establishment attached to the back. The colors are blue and white and one will go a long way before they see uniforms that are any better than these.

Last year the players purchased their pants at their own expense while this year they have completed the deal by adding the rest of their equipment.

The Haliburton ball club, although dropping their first exhibition game of the season look very strong for the coming season. They should put up some good games in the three team loop which will operate this season.

The first workout proved to be good with the largest turnout of players ever witnessed at the Haliburton ball park.

Next Wednesday night the Haliburton team will open the season when they meet the Minden club at Minden.

Minden defeated Haliburton in the exhibition game played earlier this season. Next Friday night June 1 West Guilford will be at Haliburton.

Haliburton Girl Receives Trip

We understand that Marilyn Rennie of Haliburton, and one of the top students at Haliburton high school, is to participate, along with 220 boys and girls from all parts of Canada on what is termed an adventure in citizenship which will take the form of a four day trip to Canada's capital.

Marilyn is being sponsored by the Rotary club of Haliburton.

Minden Youth Arrested

Kenneth Nesbitt, 17, of Minden will appear in magistrate's court this week charged with theft last week of a gun from a cottage on Kushog Lake near Minden.

Nesbitt was arrested Saturday

has completed with honors the three year course in general music at the University of Toronto, and will receive his Bachelor of Music degree from the faculty of music in Convocation Hall on May 28.

Bill is planning to remain in Haliburton and will soon begin teaching piano, theory and other musical studies in the music studio at his home. This summer he is working by correspondence on a course in piano class teaching under the direction of the Canadian Bureau for the Advancement of Music.

HALIBURTON NEWS LETTER . . .

The congratulations and best wishes of this community are extended to Mervyn Everall who on Sunday, May 13 was ordained as a deacon in the Cathedral Church of St. James, Toronto.

As Mr. Everall starts out his ministry in St. John's Anglican Church, West Toronto, his progress will be watched with keen interest by his many friends. Here St. George's church can well be proud of the fact that two young men of their congregation have decided to devote their lives to the work of Christ and His Kingdom.

Commencing Thursday, May 31 and continuing Friday and Saturday, June 1 and 2 Western Tire will celebrate the opening of their first store in Haliburton county. The store is located in the building formerly occupied as a church by the Baptists in Haliburton. The building has been completely remodeled and it will be worth ones while just to see the transformation that has taken place on these premises.

There will be free roses for the ladies and oilers for the men, with hats and balloons for the children.

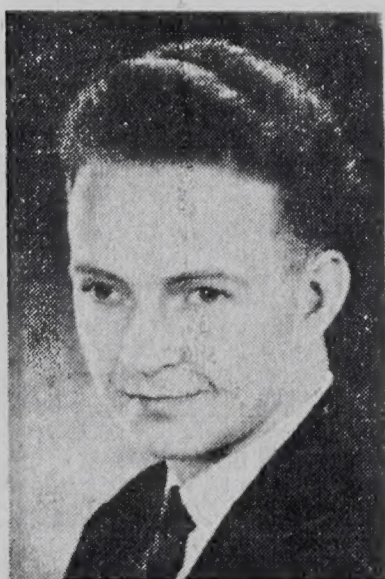

Those attending can also take advantage of the free draw. The first prize is two tires to fit your car and the second prize will be a boy's or girl's bicycle.

On Tuesday evening last a light grey car with one tail light went down Highland St. at a speed estimated by some pedestrians at nearly 90 miles per hour. One wonders just how long these speed demons are going to race through our main thoroughfare without a terrible accident. Apparently no action will be taken to curb the reckless speeders until after the crash, which is bound to occur sooner or later with the possibility that some innocent driver and his passenger will be killed or maimed for life. We were not here on Sunday evening but those who live on our main drag state that these speed boys raced up and down the street all night long.

The political campaign so far has failed to generate much enthusiasm locally. However we note that the New Democratic Party held a meeting on Friday evening last and we have just learned that the Social Credit party are holding a meeting here tonight. We understand two or three such meetings are being held to determine how much Social Credit support is available and if results are considered favorable a candidate will be nominated next week.

At a ceremony on Monday night members of the Haliburton volunteer fire department took possession of a new \$12,500 La France fire pumper.

We understand that the pumper now owned by the municipality will later this month be delivered to Grand Valley near Orangeville. The brigade, which was first formed in the early 1950's was reformed in 1956. The municipality of Dysart has mutual aid agreements with Mouth township and Minden.

Above is a photo of a very popular young man in this area, namely Grant Brooks.

Though as a young boy Grant was left totally blind as the aftermath of a severe illness, he is not the type of person to sit down and bemoan his fate, rather he prefers to be round about making himself useful.

During the past two months he has been in the city where he has been associated with the National Auto League of Canada and is now their representative in this county.

Anyone who becomes a member of the N.A.L. can really enjoy all the advantages of carefree motoring. If interested why not call Grant and have him explain what a membership in this organization can mean to you.

Exodus Coming To Molou

Production of the Otto Preminger film, "Exodus," started on the streets of Haifa on a Sunday ... but it was a working day in Israel where Saturday is the Sabbath. A little more than three months later, on a barge anchored next to the ship Exodus in the middle of Famagusta harbor on Cyprus, Mr. Preminger called "Cut! Print!" for the last time and photography on the picture was completed. It will open Monday at the Molou theatre. It is a United Artists release.

"Exodus" is the first major U.S. film to be produced in Israel. Part of it also was shot on the island of Cyprus and its dramatic story, based on the Leon Uris best-selling novel, plays against the colorful backgrounds of these two countries with their vivid reminders of ancient and modern history. Dalton Trumbo wrote the screenplay for the epic film which was photographed in Technicolor and Super Panavision, with academy award winning Sam Leavitt behind the cameras.

The plot covers the period from May, 1957, through December of the same year, a month after the United Nations general assembly adopted a resolution calling for the establishment of a Jewish state in Palestine.

Preminger's cameras converted Israel, and particularly the Galiilee area, into a huge movie set, with famous landmarks playing a prominent part in the action and adding to the authenticity of the film. The brooding towers of the crusader fortress at Acre, the busy harbor of Haifa, the picturesque ruins at Caesarea where Roman emperors once held court, the divided city of Jerusalem and the bare-walled simplicity of Kafr Kana, the Arab village where Christ performed his first miracle 2,000 years ago—they all be-

came part of this saga of the men and women who fought and died for the right to build a new country to call their own.

On Cyprus, the capital city of Nicosia and the town of Famagusta with its old harbor provided locations for "Exodus." Cameras also moved high into the Kyrenian mountain range to capture a scene against the romantic background of time-worn St. Hilarion Castle.

The main parts in "Exodus" are being played by Paul Newman (Ari Ben Canaan), Eva Marie Saint (Kitty Fremont), Ralph Richardson (General Sutherland), Peter Lawford (Caldwell), Lee J. Cobb (Barak), Sal Mineo (Dov Landau), John Derek (Taha), Hugh Griffin (Mandria), Gregory Ratoff (Lakavitch), Felix Aylmer (Dr. Lieberman), David Opatoshu (Akiva) and Jill Haworth (Karen).

Newman and Miss Saint were Preminger's original choices for their respective roles and accepted them without even seeing the script. Miss Haworth, blond, blue eyed and 14½ years old, was discovered by Preminger at the Corona Stage School in London where she was studying drama and the dance. Alexandra Stewart, a Canadian girl who plays Jordana, will be seen for the first time by American audiences.

When shooting got under way in the streets of Haifa, thousands of curious onlookers gathered to watch the production in the making and saw the clock being turned back to 1947. Once again, the atmosphere was tense, British and Palestine police patrols dominated the scene and British armored cars and trucks rumbled over the rough pavement. For many Israelis appearing in the cast it was less like acting than remembering.

WILBERFORCE

On May 24 the Wilberforce Happy Hour Bible Club will end this year's activity. The closing meeting will be held in the Wilberforce arena. The boys and girls will be receiving their prizes and membership cards.

The Happy Hour Bible Club in Wilberforce began in the home of Mr. and Mrs. Ted Sheehy and later moved to the arena when more space was needed. During the winter 44 different children attended the club.

As with all happy hour clubs the teaching is strictly undenominational and the boys and girls enjoyed the choruses, stories, games, object lessons and con-

tests.

The winners of the contest were: Marilyn Holmes, 600 points with perfect attendance; Glen Sheehy, 505 points with perfect attendance and Susan Sheehy, 485 points.

Worthy of special mention are the Schofield twins, Connie and Wendy, who had perfect attendance, and Jimmy Holmes. The directors, Mr. and Mrs. Noel McNeill, trust to see each boy and girl next fall.

The children and parents are invited to the closing of the Haliburton club in the Legion hall at 8 p.m., May 31. Perhaps at this meeting your questions will be answered.

News Notes From The County

The Canadian Cancer Society has collected \$3,400 of its \$7,500 objective and more donations are coming in. County society president Stewart Bryson said Monday he had not nearly all the receipts and that he had every expectation of reaching the quota.

Provincial police at Cobocok said last week that a German Shepherd dog which savagely attacked a young Woodville girl has been ordered destroyed. According to the Peterboro Examiner the girl, three year old Jo-Anne Ivanson of R.R. 5, Woodville, was admitted to Ross Memorial Hospital last week for plastic surgery after being badly torn about the face. The dog is owned by Edward Sneyder of Minden.

Out east MacCraft Industries are in full swing employing men from all parts of the county. There are quite a number on the job from Haliburton and the surrounding district.

Members of the Haliburton Rotary club were quite busy last week rounding up men to go out and collect for the Salvation Army blitz night which was held on Tuesday of this week.

Murray Anderson is back in the painting business. He does exterior and interior decorating. For free estimates phone 42W4, Wilberforce.

Just a reminder here to let you know of the great motion picture which is coming to the Molou theatre at Haliburton. The name of the picture is "Exodus" and

will be appearing on the screen Monday, Tuesday and Wednesday May 28-30. The novel was a best seller for more than a year and a half and sold more than 6 million copies. Don't miss this one.

We have in our possession a copy of the "Three Musketeers," the monthly bulletin issued by the Haliburton, Peterboro and Victoria TB association. Over the years the voluntary TB association has helped governmental agencies in finding active cases of TB. Now the problem of case finding has become a complex project. In this present situation the voluntary agency acts as the promoter, the pusher, the encourager. So as the president for Haliburton county examines the present needs, he must keep his changed position of the voluntary agency constantly in mind. The new presidents and committees have been selected for another year. The Haliburton county TB association held their meeting at the Red Cross nurses' residence on Monday night last. Did you know that although there are 60 medical officers of health in the health units and health departments, there are still several vacancies. The local TB committee, who are serving this county, are to be congratulated on the fine job they are doing. They are going to have an advertising campaign for the coming year.

Over the past week fire suppression crews were called out in the Lindsay fire district to extinguish four forest fires. Fortunately, early detection by look-out towermen and quick response by fire crews kept the acreage burned to a minimum. In all four cases people were responsible for starting the fires and three fires were attributed to careless campers. The area burned for the

week amounted to four acres bringing the total in the fire district to date to over 190 acres for 23 fires. Again all people frequenting the outdoors, especially campers and fishermen, are urged to be careful with campfires and smoking material and to help keep Ontario green.

Sixteen new cottage lots have been made available on Raven Lake in Sherborne township, Haliburton county. Notification has been received that the plan containing these lots has now been registered and applications may be accepted. Further information may be secured from the Lands and Forests district office in Lindsay or the field offices in Minden and Gooderham.

Last Friday was tagging day for parked cars on one of Haliburton's streets. Constable Al. Burk was making the rounds. I seems to us that it's a little early for this job as the tourist season isn't in full swing.

If the past holiday week end is any indication of things to come then we can look forward to a very busy summer here in the Highlands of Haliburton. Over the week end most of the summer businesses opened up and they all reported a very busy week end. The weather was really warm and that is the kind we need to drive the people out of the city and back to the Highlands of Haliburton.

T. A. Irwin, owner of Lakehome Properties, installed a new attractive sign on the front of their offices in Haliburton on Friday.

Just a reminder here that Kawartha Junction comes to the Skyline dance pavilion at Gooderham next Wednesday night, May 30. Kawartha Junction is a western program heard weekly over Peterboro's CHEX-TV. The group features Gizz Watt, Davey Gibbs and the Country Hoppers. It will be worth your while to make the trip to Gooderham this Wednesday night for the big dance.

The installation of a floodlight at the Rotary beach in Haliburton will mean the boys and girls can stay in swimming longer in the evenings.

A week ago some of the Rotarians from the Haliburton club traveled to North Bay on Rotary business.

Betty's Bakery, with a fresh new paint job on the front of their store, opened as scheduled on Friday. The management reported week end business as being good.

The Coca Cola Co. have rented the curling rink in Haliburton for the summer months and will use it as a warehouse for their soft drinks.

Mr. Donald C. MacDonald, leader of the Ontario N.D.P. party was the main speaker at an NDP meeting held at the Orange hall on Friday night last. A. G. McPhail, local candidate, also addressed the meeting.

It was unfortunate, but the street lights were out of commission in Haliburton on Sunday night. It looked bad to see the town in darkness with so many visitors in our midst.

Mr. Jim Henry, who has been manager at the Grigg Co. store in Midland, has been moved to the main store at Orangeville.

Mr. Les Boucher, who is well known in this area, was a visitor to the district one day last week.

The dancing public had a real field day over the past week end with a wide variety of spots to go and dance. Saturday night and Sunday midnight entertainment was offered at the Slipper and Legion hall in Haliburton, Medley's at Carnarvon and the Skyline pavilion in Gooderham. We understand that all four dances were well attended.

Now it's time to sum up the Victoria day week end. We will go along with many of the merchants who claim it was one of the largest on record. The heat wave drove the tourists out of the city and back into the Highlands. We had a great variety of weather dished up. The week end featured rain, hail, hot and cool weather—something to suit the taste of everyone.

HALIBURTON TRAPPER CONVENTION

Saturday, May 12 was the annual wind-up of the Haliburton Trappers' Assn. The attendance at the Legion hall in Haliburton was not as large as last year but everyone had a good time.

Speakers at the evening entertainment were Mr. C. W. Hodgson; Mr. Walroth of the Dept. of Lands and Forests; Mr. Aubrey Gostlin of Haliburton and Mr. Percy Swanson of Lindsay and H. Bannon, president of the local association.

Twelve prizes were awarded to the winners of euchre and crokinole. Fourteen prizes were drawn from the membership stubs for 1962-63. Trappers names drawn who received prizes came from Gelert, Minden, Donald, Baysville, Carnarvon, Dorset, Campbellford, Wilberforce and Haliburton.

Prize donators were Emmerson Lumber Co., Hudson Bay Co., Turner & Avery Co. and Ray Clark. Lunch was served to end an enjoyable evening by all.

Minden, the pretty and busy county seat of Haliburton is on the edge of a definite spurge of activity. Apart from the expected increased influx of tourists because of the revaluation of the dollar, the town is to have a new post office.

Plans for the new federal building have been held up because it was found necessary to have the Hydro commission remove poles and wire from the new post office site.

C. W. Hodgson, M.P., has received a letter from the deputy minister of public works at Ottawa that tenders should be in on June 1 and following the awarding of a contract work will start immediately on the \$50,000 building.

The present post office is located on an old landmark, the Hartle property, which also houses a store and two apartments.

Other important activities in Minden will include the placing underground of all telephone wires belonging to the Dvsar Telephone Co. of Haliburton.

Plans are also under way for a new waterworks system.

It is understood that the boom will also include the erection of three or four new places of business on the Minden by-pass, including a motel.

Mr. Hodgson, member for the riding, stated he is well pleased and gratified in connection with forthcoming events.

IN MEMORIAM

Stamp—In loving memory of a dear mother, Margaret Stamp, who passed away May 22, 1961: In Tears we saw you sinking, We watched you fade away; Our hearts were almost broken, You fought so hard to stay. But when we saw you sleeping So peacefully free from pain, We could not wish you back To suffer that again. —Sadly missed by daughter Audrie and son-in-law Lloyd.

Hellems—In loving memory of Roy Hellems who passed away two years ago May 24, 1960: Two years have swiftly passed away, But still we don't forget, For in the hearts that loved you best, Your memory lingers yet. —Lovingly remembered by his wife and family.

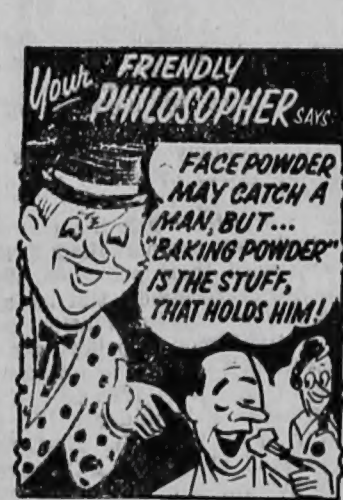

ENGAGEMENT

Mr. and Mrs. Fred Reynolds wish to announce the engagement of their daughter, Gloria May, to Glenn Sisson of Maple Lake. The marriage to take place at St. Peter's Anglican Church at 3 p.m., June 1, 1962. Wedding reception afterwards at Medley's hall, Carnarvon, 9 p.m. Everyone welcome.

Card of Thanks

I would like to express my sincere appreciation to my friends, relatives and the Lochlin UCW who helped in so many ways and who sent cards, flowers and gifts during my illness. Also thanks to the nursing staff of the Haliburton Red Cross and Ross Memorial Hospital, and to Dr. Good, Dr. Watson and Dr. Arnup.

Minden Home and School

The May meeting of Minden Home and School met in Mr. Morgan's room with Mrs. A. S. Kernohan presiding.

After "O Canada" and the Lord's Prayer, Mrs. Kernohan welcomed the small crowd present. Reports were given by the secretary, treasurer and one on the card party which had been fairly successful. The chairman of the committee for the card party thanked all who helped her on this night.

The count of parents was won by Mrs. Prentice room.

We are to save all the Canada Packers and Maple Leaf labels and try to get a coffee maker in the fall. We are to save any goods for a rummage sale in the fall and Mrs. McGee will store them for us.

Mrs. Weiss then introduced the speakers for the evening. Mrs. Philp of Peterboro who is district organizer; Mrs. Gariepy, who is vice president of the federation and Mrs. Stevenson who is from the Lindsay council.

Mrs. Philp spoke first, explaining the work and aims of Home and School and showing what had been done by the associations over the time since its formation.

Mrs. Gariepy then brought us greetings from the federation and told us the work of the organization and what help for programming we can get from this channel.

Mrs. Stevenson gave a few words on the newly formed council of Lindsay of which we are a member and invited the president and her executive to attend meetings when possible.

Mrs. Kernohan thanked the ladies for giving us such a large outline of what can be done. She then read the names of the new executive: president, Mrs. D. McGee; vice president, Mrs. McNabb; secretary, Mrs. D. Campbell; treasurer, Mrs. Weiss; executive members, Mrs. Kernohan, Mrs. Ackerblade, Mrs. N. Brown, Mrs. Gorrie and Mrs. R. Strong.

Mrs. Philp graciously conducted the installation of officers and a discussion was held with the visitors during the cup of tea served by the executive.

During the last session of Parliament, readers of the County Echo followed proceedings by reading the reports issued from Ottawa by Clayton W. Hodgson, Member for Victoria, Haliburton and Ontario North.

An interesting and timely message was delivered on Sunday afternoon last to listeners tuned in to station CKLY. The member for Victoria and Haliburton covered a number of matters including the following:

Farmers, tourist operators and producers for export are loud in their praises of the Diefenbaker government, especially because of the recent revaluation of the Canadian dollar. In fact reports right across the dominion are to the effect that producers of agriculture and other export products look upon the revaluation of the dollar as one of the most beneficial policies the government has ever introduced. These people see better times ahead and many of them for the first time in years will actually get their heads above water and their books will show profits rather than losses. Agriculture is the basic industry of Canada.

When the farmer is busy and doing well, everybody benefits—the butcher, the baker and the candlestick maker.

Take the town of Lindsay for example. This town has always shown a solid type of growth. It has never been spasmodic. Any businessman will tell you that the farmer is the backbone of business. This also applies to Victoria, North Ontario and Haliburton counties, located in the heart of a fine agriculture country. Farmers, tourist operators look upon Lindsay, Beaverton, Cannington, Fenelon Falls, Bobcaygeon, Minden, Haliburton and other small towns as their towns. Merchants and businessmen of these places depend on the farmer, tourist, operator and lumbermen for the bulk of their business, so the revaluation of the dollar is going to help all people in this area. Don't let us forget that the revaluation of the dollar is going to bring a substantial increase in the number of tourists who will visit Canada this summer and Victoria, Ontario and Haliburton counties will reap the benefits.

One of the best informed agriculturists in Ontario is Mr. Clare Burt, the fine looking gentleman who was quite prominent at the Lindsay fair last September. He is known to agriculturists all over Ontario and his farm broadcasts are heard right across Canada. He is now associated with the Massey-Ferguson industry. A few days ago Mr. Burt was broadcasting to farms and he predicted that the revaluation of the dollar will mean the biggest boom to farms that they have ever experienced in recent years—thanks to the Diefenbaker government. Farmers will have more money to buy machinery and other articles. The farmer's wife will have more spending money to buy household necessities and the farmer's children will have more money to help them in their education. The revaluation of the dollar will mean more business, more work, more wages to all of our people and a better living for all Canadians.

Agricultural minister, Alvin Hamilton told Canadians a few days ago that since the revaluation of the Canadian dollar the Canadian wheat board has increased the price for all grades of wheat by six cents per bushel. The rate will also affect the minimum and maximum prices to be paid for wheat under the international agreement in terms of the Canadian dollar. The price range of the new international wheat agreement which is effective August 1, 1962 is \$1.66½ to a maximum of \$2.02½ in U.S. dollars for No. 1 northern wheat in store at Fort William. Hamilton emphasized that the increase should not result in any increase of bread prices to Canadians.

The price of hogs is up a couple of cents this week.

The economy of Canada is on the up grade in nearly all businesses and agriculture, in fact all walks of life. I ask the farmers and others to compare their prices today with their prices in 1956, when the recession started and the Liberals were in office and their tight money policy was in operation. I ask any of my listeners to compare the first five months of 1957 under a Liberal government with the first five months of 1962 under a Conservative government. Work and earnings, farm incomes, business, industry and our whole economy is on the up grade.

Be sure you vote on June 18 and be sure you vote for Hodgson for continued progress and prosperity. Good afternoon ladies and gentlemen.

COMBINED SERVICE A SUCCESS

The Lakeside Baptist Church was almost full on Sunday night as approximately 100 people gathered to see and hear Dr. Walter J. Atkinson demonstrate and explain the Jewish Passover.

People were present from Toronto, Agincourt, Minden, Allsaw, Lochlin and Haliburton.

Dr. Atkinson was born in Berlin, Germany, but emigrated to the U.S. where he found Christ his Messiah. Being a Hebrew by race, Dr. Atkinson has an intimate knowledge of the Jewish religion. Being a Christian by faith, he is well able to interpret the symbols into New Testament language.

Many felt that the climax of the service was the moment the hidden piece of Matso (unleavened bread) was found. Then it was explained that since this piece belonged to the second wafer, not the first or the third, it spoke of Jesus the Son of God. This wafer had been broken, hidden and then found. So Christ died, was buried and rose again. This was the same piece that Jesus gave to his disciples saying "This is my body which is broken for you."

At the end of the visual sermon Rev. Atkinson explained a little about the work of the American Board of Missions to the Jews. Then as a bonus a lovely color film portrayed the steps of one young Jew on his way to his Messiah.

These combined services have been a blessing to all concerned and surely show the spiritual unity of all Biblical believers.

Weekly Sports

by Creighton Feir

Scottie Larue, who has been attending school in Woodbridge, returned home this week for the summer holidays. Scottie played hockey the past season for the Woodbridge Dodgers. He will be employed by Walling's Dairy during the summer months.

We learned this week that all the ball teams will be back in the Haliburton county softball league with the exception of Snowdon. Lack of player material forced the Snowdon team to withdraw from the loop. The other teams are getting ready for the opening game.

Once again we would like to congratulate all those who had anything to do with the clean-up campaign at the Haliburton ball park. The grass has just been cut and the ball diamond is in excellent condition. Trees have also been planted in the park. The big thing now is to keep the cars and trucks off this property.

The Haliburton softball club held its first workout of the season at the ball park on Tuesday night last. It was one of the largest turnouts of any opening practice. From this large group the coach and manager should have little or no trouble in picking an

outstanding team.

Tuesday night was also the first practice for the girls softball teams who will be in the new Haliburton county girls' league this season. Nearly 100 girls were at the park for the opening practice. This certainly shows a lot of interest for the first season of girls' ball.

The summer time is also swim time and in Haliburton the children as well as the adults used the good hot weather to advantage by taking their first swim last week. Most of the swimmers reported the water as warm in the river but cold in the lakes.

We understand that work will soon commence on the renovation of the Lindsay arena.

From the Meaford Express comes an editorial praising the fine hockey work of the Meaford Cheviots. The Meaford club went right through to the Ontario intermediate finals but Port Colborne killed their hopes in the sixth game of the series. The Cheviots played 31 games in the regular schedule and 29 in the playoffs. The editorial went on to say that it is the sincere wish of all that the team will hold together and the coming season will once again provide top flight hockey for Meaford.

MEET THE SALVATION ARMY

William Booth made an important decision as far as the organization of the Army was concerned. He said that in the war against evil, men and women could fight as equals side by side. Hence there are women officers and soldiers as well as men.

The 11 cardinal doctrines of the Salvation Army are set forth in what is known as the "Deed Poll," one of the documents registering the Salvation Army with the British Government.

These doctrines deal with such matters as the holy scriptures, the Godhead, Jesus Christ, man, repentance, justification, sanctification, immortality, and so on.

There is a service of dedication when children are dedicated to the Lord. This, however, is not regarded as an alternative to baptism, as if something were done to the child. Instead, it is a service for the sake of the parents, who pledge themselves to bring up their children in the faith of the Lord and thus seek divine assistance. The Haliburton county Red Shield objective is \$2,700. Give from the heart when a canvasser calls on you.

HAPPY HOUR CLUB

CLOSING RALLY

On May 31 at 8 p.m. the Haliburton Happy Hour Bible Club will be holding its closing rally in the Legion hall.

The directors, Mr. and Mrs. Noel McNeill and Mrs. Frank Roberts, will be leading the boys and girls in choruses, sword drill and Bible tic-tac-toe. All parents and interested friends are invited to attend.

The Happy Hour Bible Club started last October in the home of Mr. and Mrs. Frank Roberts and over 45 different boys and girls attended. The club had children from all six Haliburton churches and was run on a strictly interdenominational basis. The club is designed to meet the needs of the public school children.

Prizes will be awarded to the top three in the 1962 contest and to those who have had perfect attendance. A special children's film will be shown. If you have any questions about the operation of the Happy Hour Bible Club perhaps this meeting will help you.

An interesting item of news regarding the much-talked-about employment situation came to light today when C. W. Hodgson, M.P., remarked to a group of citizens:

"The picture has brightened considerably across Canada and particularly in Haliburton, Victoria and Ontario north . . ."

Mr. Hodgson then read the following short editorial from an issue of the Haliburton County Echo:

Editorial, February 1962.

"Every man in Haliburton who wants to work is working. We thank the Winter Works program for this. A little over a week ago we were informed that over 60 men were unemployed. The Dysart municipal council started their works program and the men were soon at work. Those who were on the unemployed list were taken up when jobs became available at Hay and Co., and work started on the Buckhorn road. We get sick listening to people in this area crying the blues day in day out. Their cries to the effect that there is no work . . . January is the toughest month of the year to get a job but every available man was working . . . Lumbering firms in this area are busy and demands for lumber have increased. There is a bright side to everything especially when everyone is employed."

There were 600,000 more Canadians employed in 1961 than in 1956. In 1962 161,000 new recruits enlisted in the winter works program, compared with the winter of 1961.

This past winter there were 148,000 fewer unemployed than during the same period last year.

MAPLE LAKE

With the extremely hot weather our district was host to an extra large crowd over the holiday week end. Nearly all the cottages were occupied and the twinkling of lights around the lake was a sight.

Those home for the week end were Mr. and Mrs. John McKee and family, Mr. and Mrs. Keith Harrison and family, Miss Dora Dawson, Miss Ada Gibbs, Mr. Perry Morrison, Mr. and Mrs. George Otto, Mr. and Mrs. Neilson Ownes, Mr. and Mrs. Norman Gladding, Mr. and Mrs. David H. Grey and boys, Mr. Reginald Cook and Mrs. Audrey Blaire.

We were shocked to hear of the sudden death of the late Mrs. Alex Clancey. To her family and relatives we extend sincere sympathy.

During the heavy electrical storm Saturday night a summer cottage was burned on Line 25.

Four members of St. Peter's W.A. were successful in finishing a quilt on Friday, to be given to a family who lost their home by fire in the winter.

The Guild met on Thursday last with three members from Maple Lake present. During the meeting it was decided to donate \$5 to the boy or girl in S.S. No. 5 Stanhope, grade eight, who had the highest marks at the end of June.

The church service on Sunday was taken by Canon Hasketh, formerly of St. Paul's church in Lindsay.

DONALD

Mr. George Shaw attended the funeral of his sister, the late Mrs. Walter Willis of Belleville, Ont., (formerly of Lindsay). Friends and neighbors wish to extend their deepest sympathy to Mr. Shaw.
